

Our Family Camping Trip

At the weekend I went camping with my family and cousin Scott. We went with Wansbeck paddlesports club.

When we first got there on the Friday after all the tents were up we went for a little paddle in the canoe while some people cooked tea. The lake was very clear and warm.

On the Saturday I could paddle in the front of a canoe all day without stopping, and on the Sunday with the help of Stu I learnt to paddle in a sea kayak. The funniest thing was when we got stuck on a rock and couldn't move, Joe had to push us off the rock.

I liked staying in a tent and the food was yummy especially the chicken chasseur and pasta.

I loved the canoe and kayak, I wished it never ended.
